- (c) Irrigation will begin about April and end about
Month.
November, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION:

- (d) Power to be developed is _____ horse power.
- (e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.
- (f) Point of return of water to stream water will not be returned
Describe in same manner as point of diversion.
to stream.
- (g) Remarks the spring from which the water floes is a small spring
and seeks underground passage and all the water will have to be dev-
eloped and as to the quantity of water that can be developed, I am
unable to state at this time.

DESCRIPTION OF PROPOSED WORKS

Water is to be diverted by means of dams and ditches.

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works Five hundred dollars.
6. Estimated time required to construct works Seven months.
7. Remarks I have already done a great deal of work in developing
For use of applicant.
water and will have to do much more work in order to obtain enough
water to irrigate the entire acreage I have taken up.

DAN FREITAS, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before June 13, 1916.

Proof of commencement of work shall be filed before July 13, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before January 13, 1917.

Application of water to beneficial use shall be made on or before December 13, 1920. Proof of the application of water to beneficial use must be filed with State Engineer on or before January 13, 1921.

Proof of labor filed DEC 18 1916

Proof of completion of work filed DEC 18 1916

WITNESS MY HAND AND SEAL this 13th, day
of March, 1916.

Cancelled Nov 22, 1918
applicant to comply with provisions of permit.
